

JOLU GROUP LTD SECURITY

**Your Safety,
Our Commitment.**

ALL TIME PROTECT YOUR BUSINESS

Jolu Group Security Ltd. is a trusted security firm dedicated to protecting businesses and individuals through advanced, tailored solutions. Our experienced team specializes in physical security and risk management, combining expertise with the latest technology to safeguard assets and information. With a commitment to integrity and excellence, we deliver security you can rely on.

OUR SERVICES

□ Guarding Services

We specialize in safeguarding apartments, gas stations, residential estates, churches, and other facilities, ensuring a safe and secure environment for all.

□ K9 Unit Security

Our K9 units are skilled in tasks such as patrolling, detecting explosives and providing additional support in high-risk scenarios. We offer formidable security solution to enhance protection

□ Event Security

Our security officers are trained to manage crowds, prevent unauthorized access, secured parking and address potential risks effectively, creating a secure atmosphere for guests and organizers.

□ VIP Close Protection

We offer discreet, professional protection for VIPs, executives, and dignitaries, ensuring their safety during travel, public events, private functions, and daily activities.

□ Electric Fencing & CCTV Installation

We install electric fences and CCTV systems to provide reliable, 24/7 perimeter security, intrusion deterrence, and real-time property surveillance coverage.

□ Alarm Response

Equipped with advanced communication tools and extensive training, our personnel ensure a rapid and effective response to emergencies such as break-ins, fire alerts, or unauthorized access.

Other Services

We provide dependable unskilled labor services to support a variety of industries and tasks. Our workforce is reliable, efficient, and available for:

- Cleaning and Janitorial Services
- Gardeners
- Landscaping and groundskeeping
- Construction site assistance
- General manual labor
- Packaging and warehouse support.
- Loading and offloading
- Waste management support
